### **Speaker Bio:**

B S Nagarajan is a strategic technology leader with 27+ years of experience in customer facing roles such as presales & customer success in enterprise technology companies such as Salesforce, VMware, HP, Compaq and Wipro. He is widely acknowledged as an inspirational leader with a positive influence on people to do their best work every day. He is the Founder & Managing Trustee of Sukruthi Charitable Trust which is supporting hundreds of people by reducing their burden on healthcare. He is extremely passionate about Philanthropy with a strong belief that it is not meant only for the rich but every person can make a difference in somebody's lives to make this a better world. He & his wife Kavitha together have committed a significant part of their earnings to provide Palliative care services on a fully charitable basis.

### **Abstract:**

Palliative Care is a specialized care to relieve symptoms stress provide comfort and support to an individual with serious health condition to improve quality of life unlike HOSPICE- which people often associate with end-of-life care. The providers of palliative care include: Health professionals, Social workers, Financial advisors ,Spiritual advisors, Service clubs, Nutritionists. The palliative care can be provided wherever the person is at home, clinic, hospital etc. The various of Myths of palliative care is cleared with facts during the talk.

All are welcome!
