

SCIENCE AWARENESS TALK - SERIES VI , 29 SEPTEMBER 2023 (FRI), 3:30 PM (IST), 6:00 PM (UTC+8)

SPEAKER - A

Dr. Nadjat Aroua

SENIOR LECTURER,
UNIVERSITY OF ALGIERS-I,
DEPT OF ARCHITECTURE

TALK - A : MEETING SDG11, ISSUES AND CHALLENGES FACING URBANISTS

Designing cities is primarily a collaborative and continuous mission, involving various knowledge, skills and values.

The responsibility of urban planners and designers (urbanists) is therefore to contribute to achieving the SDG11 related targets.

This communication in the form of a talk is intended to discuss the complexity of the task, outlining the issues and challenges facing urbanists.

MODERATOR - A

Devika Sharma Chhetri

DIRECTOR GENERAL,
DIRECTORATE OF
ECONOMICS; GOVERNMENT
OF SIKKIM

SPEAKER - B

Dr. Yung-Chen Cheng

ASSISTANT PROFESSOR,
DEPARTMENT OF REAL ESTATE & BUILT
ENVIRONMENT | COLLEGE OF PUBLIC
AFFAIRS, NATIONAL TAIPEI UNIVERSITY

**TALK - B : MAINSTREAMING NATURE-BASED SOLUTIONS IN URBAN AREAS:
LESSONS FROM THREE ECOLOGICAL PARKS IN TAIPEI**

Nature-based Solutions (NBS) are experimental innovations for cities to accelerate urban transition and to achieve sustainable goals. Urban parks and green spaces as one type of NBS are able to meet multifunctional benefits and local needs. Current practices in renaturing urban parks in Taipei inform pathways of NBS mainstreaming and upscaling in the urban context.

MODERATOR - B

Dr. Ying-Chen Lin

ASSISTANT PROFESSOR, DEPARTMENT OF
URBAN PLANNING AND SPATIAL
INFORMATICS;
FENG CHIA UNIVERSITY
